ManojKumar Sekar, ReactJs Developer

I am an Innovative, task-driven professional with 2 years of experience in Web design and Development. Equipped with a good record in writing and testing codes, troubleshooting simple/complex issues, and implementing new features

Employment History

ReactJs Developer at Prajnatva Upmyranks Pvt Ltd, Bangalore

September 2021 — Present

FrontEnd

1. Developed a Web Application for Learning management systems and ERP for Schools using **Typescript**, **React-js**, and **Redux toolkit**

2. Worked on **Styled components** and **CSS** to develop the user-friendly UI

3. Used **Redux toolkit** to handle APIs and Responses and maintained states in stores

4. Created reusable design and reusable Functions to reduce the Code compatibility.

5. Extensively used **GitHub** for version controlling and collaboration and regularly pushed the code to Bitbucket.

6. Involved in **code reviews** to ensure that code is working on what we expected and made sure that code is **optimized**.

7. Worked on **Jira** to plan and track our daily basis of teamwork

Backend

1. Developed the Application on **AWS Serverless Architectures** to give flawless API and improve the performance.

2. Worked on **AWS Lambada-NodeJs** to run the code without managing any other servers

3. Used **API Gateway** to trigger the lambda function based on production and UAT stages.

4. Implemented the **DynamoDB Accelerator (DAX)** within **VPC** to enhance and improve the speed of API response.

5. Maintained **NoSQL DynamoDb** to save the user data and documents, and **S3** to save objects like images, and videos without any hassle

6. Added **Cognito user pool** for a login Authentication security

7. Used DocumentDb (Mongo) for a large set of Assessment Questions.

Education

B.E (Engineering in Electronics and Communications), Institute of Road and Transport Technology, Erode

March 2017 — June 2021

Programming Skills

HTML	**NodeJs**
CSS	**ExpressJs**
JavaScript	**AWS Dynamodb**
